

2 way splitter with D/C direct passage from output to input (monodirectional)

|                             |                                |
|-----------------------------|--------------------------------|
| Frequency                   | 5 ÷ 2400 MHz                   |
| Insertion loss dB           |                                |
| 5÷40 MHz                    | 5                              |
| 40÷470 MHz                  | 5                              |
| 470÷1000 MHz                | 5,5                            |
| 1000÷1750 MHz               | 6                              |
| 1750÷2050 MHz               | 6                              |
| 2050÷2400 MHz               | 6,5                            |
| Separation output-output dB | 20                             |
| DC passing                  | From output to input (one-way) |
| Connector                   | F                              |
| Nr. inputs                  | 1                              |
| Outputs                     | 2                              |
